

API Order Form

Modification to the Order Form or agreement entered into by the parties on [redacted] ("Order Form") to include APIs (defined below) on Subscriber's web site located at URL: [redacted]
Description of Modification: Activation of the below Application Programming Interface(s) ("API(s)").

During the term of the Order Form, and for valuable consideration, WebEx will activate the checked Application Programming Interfaces (API's). Subscriber may use the API's only in conjunction with the Partner Product listed below. WebEx retains all right, title and interest in and to the APIs. Subscriber shall not modify, reverse engineer, decompile, or otherwise alter or attempt to gain access to the APIs. The remainder of the Order Form will remain in effect, including any defined terms, and otherwise govern Subscriber's use of the API(s).
